Kate Klim

- "Pianist-singer-songwriter Klim is an angel-voiced balladeer and a best bet for folk-pop stardom." -**Daniel Gewertz, Boston Herald**
- "Kate Klim might be the new Carole King. There I said it. Not just because she writes and performs her songs on the piano, but because her songs show wisdom beyond their years, drawing on experiences from her personal life, but expanding those lessons to include a broader view on the meaning of relationships and people in our lives. They're not just about her, they're about all of us, and one has to wonder, how does this kind of insight come to someone so young? Carole Kings songs have been around or years. I'm betting Kates will be too."-**Crit Harmon, Producer (Martin Sexton, Mary Gauthier, Lori McKenna)**

Casey MacKenzie

Casey MacKenzie combines wise observations and playful antics to create a captivating story that weaves in and out of her lyrics. Her music has often been described as '...heartbreakingly soft and pure, but strong and knowing.' With a large range of influences and inspirations, this self-taught pianist takes listeners through her musical journey as they experience pop, jazz, folk and country, all in one sitting.
